

Instructions for Transferring photos, graphics, or other large documents to DNRC.

Go to the following website:

<https://transfer.mt.gov>

You will have to create an *epass Montana* account if you don't have one which is easy.

You may want to check on when the person you are sending material is in the office. An email is sent to the recipient and is only valid for ten-days. If it is not picked up during that time you may have to resend.
